

## WAVERLEY GARDENS SHOPPING CENTRE

A two stage \$80 million redevelopment, including new Coles supermarket, with multi-level carparking and truck access across the front of the complex, along with additional retail followed by construction of a 6 metre high cantilever retaining wall, new Big W outlet, all with carparking above and a truck 'ring' road. The food court was revamped and new mall extension was created to connect north-west carpark. Bonacci Group undertook all civil and structural aspects, including detailing of old to new connections.

Location:  
Mulgrave, Victoria

Bonacci Group investigated and designed upgrades and repairs to the heavy duty bus and truck pavements.

Client:  
Mirvac

Architect:  
H.P.A.
