

GHERINGHAP / MALOP / MERCER STREET INTERSECTION

The Gheringhap / Malop / Mercer Street roundabout has undergone a major facelift. The intersection works will include clearly defined traffic flow lanes, line marking and signaling, dedicated bus lanes, revised parking orientations, pedestrian signalised crossings, defined pedestrian access, lighting and landscaping.

Bonacci group designed all pavements, curb drainage and service relocation works in accordance with a functional intersection plan developed by City of Greater Geelong.

Location:
Geelong, Victoria

Client:
City of Greater Geelong
