

## **MONASH UNIVERSITY VICTORIAN COLLEGE OF PHARMACY Parkville Campus**

The project is spread over two buildings, one existing and one new and has an approximate value of \$40 million. It was won in a competitive design, construct and finance tender process, with a specialist team including Bonacci Group.

The building has been acknowledged for the elegance and simplicity of the building shell and its comfortable integration into the Parkville campus. It provides first class learning and research facilities. The working environment promotes communication and is popular among scientists, researchers, educators and students.
