

XXV BREAKER

Bonacci Group, Sydney, is currently working on XXV Breaker Street on the Gold Coast. The building is being developed by Macquarie Bank and is 25 storeys high, but only 9m wide and 30m long. The project began construction in April 2008.

The majority of apartments in this luxury residential development take up an entire floor level and the distinctive shape of this building will ensure it becomes a prominent feature in the Gold Coast skyline.
