

MOSAIC APARTMENTS

Located at 420 Pitt Street, Mosaic is a 27-storey luxury hotel constructed in Sydney's CBD, with a 9-level basement, external precast walls. Due to limited basement floor plate, the project contained a double car lift, rather than a basement ramp.

The heritage façade on the lower levels has been restored to its original character.

Location:
Sydney CBD, New South Wales

Client:
Meriton Apartments

Architect:
Group GSA
